

PECB Certified ISO/IEC 27034 Foundation

Become acquainted with the best practices of Application Security based on ISO/IEC 27034

Why should you attend?

ISO/IEC 27034 Foundation training enables you to learn the basic elements to implement and manage Application Security as specified in ISO/IEC 27034. During this training course, you will be able to understand the definitions, principles, concepts and processes involved in Application Security.

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO/IEC 27034 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, processes and management approach.
