

PECB Certified ISO/IEC 27034 Lead Implementer

Master the implementation of Application Security (AS) techniques based on ISO/IEC 27034

Why should you attend?

ISO/IEC 27034 Lead Implementer training enables you to develop the necessary expertise to support an organization in establishing, implementing and managing Application Security (AS) based on ISO/IEC 27034. During this training course, you will also gain a thorough understanding of the best practices of Application Security techniques and be able to identify and avoid common application vulnerabilities.

After mastering all the necessary concepts of Application Security (AS) techniques, you can sit for the exam and apply for a "PECB Certified ISO/IEC 27034 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to implement ISO/IEC 27034 in an organization.
