

PECB Certified OHSAS 18001 Foundation

Become acquainted with the best practices of Occupational Health and Safety Management Systems (OHSMS) based on OHSAS 18001

Why should you attend?

OHSAS 18001 Foundation training enables you to learn the basic elements to implement and manage an Occupational Health and Safety Management System (OHSMS) as specified in OHSAS 18001. During this training course, you will be able to understand the different modules of an OHSMS, including OHSMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a “PECB Certified OHSAS 18001 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
